

How to Create a Professional YouTube Channel

6-18-20 Webinar: How to Create a Professional YouTube Channel

Goal of YouTube Marketing

- Send users to your website where you can generate leads and convert visitors to customers
- Grow followers and connections
 - o Goal: get them to submit a lead gen form on your website with contact info

Why YouTube Marketing?

- YouTube is the 2nd most popular website in the world, and the 2nd most popular search engine in the world (2nd only to Google)
- YouTube is primarily used to search for videos on the platform
 - o If someone wants a video on how to do something, they go to YouTube
- Consumers are watching more videos than ever
 - o A business not creating video content will be crushed by competitors
- YouTube marketing is a must for businesses to succeed

What is a YouTube Channel?

- The YouTube Channel is in essence a landing page where you showcase videos.
 - o As a business person, you want to showcase videos that will help you generate business in some fashion, such as educating prospective clients.
 - o You can showcase your videos or videos created by others.
 - o Besides videos, you can also add links, and info about yourself or your channel for visitors to explore.

What is YouTube Studio?

- YouTube Studio is where you manage your channel, get insights that help you grow, and stay updated with the latest news.
- Most importantly, you manage your videos and playlists in YouTube Studio.

How to set up a YouTube Brand Account for your business

- Sign in to YouTube on a computer or using the mobile site.
- Go to your channel list.
- Choose to create a new channel or use an existing Brand Account:
 - o Create a new channel by clicking Create a new channel.
- Fill out the details to name your new channel and verify your account. Then, click Done. This creates a new Brand Account.

How to Navigate to Your YouTube Channel and Design Studio

- Navigate to your YouTube Channel
 - o YouTube.com > Click on your Profile icon (top right) > Your Channel
- Navigate to your YouTube Studio
 - o YouTube.com > Click on your Profile icon (top right) > Your Channel

How to Create a Professional YouTube Channel

How to Optimize Your YouTube Channel

- Go to your channel and click “Customize Channel”
 - o Click the cog on the right under the banner
 - Enable “Customize the layout of your channel” and Save
 - o Again, click the cog on the right under the banner
 - Click “Advanced Settings” and optimize the page
 - o Edit the channel art
 - <https://support.google.com/youtube/answer/2972003?hl=en-GB>
 - o Click each page in the menu under your business name and optimize the page
- Go to your YouTube Studio, click “Settings” and optimize each tab

How to Use Playlists to “Beef Up” Your Channel

- Put your videos in multiple playlists, then display the playlists on your YouTube Channel
 - o Create playlists with titles important to your industry (keywords)
- Put videos of non-competitive industry leaders into playlists, and display them on your channel
- Put videos of partners in a playlist, and display it on your channel

Showcase Partners on your Channel as Marketing Strategy

- Increase visibility and reach: show partner’s videos on your channel, and they should you videos of their channel
- Solidify partner relationships, and increase referrals
- Promote partners on video end screens when they feature your video on their channel
